Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance:

The closest art of record, Garrity teaches transmitting a menu from the reservation control apparatus to the distributor terminal apparatus, to upload content from the distributor terminal apparatus to the distribution server for distribution of the content from the distribution server, and also that the user can input the restriction requirements (figure 5-6, Col. 8, line 12 to Col. 10, line 28).

Garrity however fails to disclose transmitting a menu from the reservation control apparatus to the distributor terminal apparatus via the open network, the menu configure to display available service times to upload content from the distributor terminal apparatus to the distribution server for distribution of the content from the distribution server and a service fee, availability, bandwidth, and cost corresponding to each of the available service times in combination with other elements recited in the claims.
